Good afternoon,

Flags

Demonstration in ports and shipping lanes - There is a unsanctioned mass protest planned for February 4 called Mariners for Freedom, to show support to the trucker convoy.

The organizers, who seem to be from the East Coast, are asking mariners across the country to participate. The intension is to disrupt shipping ports and shipping lanes across the country with boats and ships until COVID public safety measures are lifted.

TC, PS and PCO for Minister Blair are implicated.

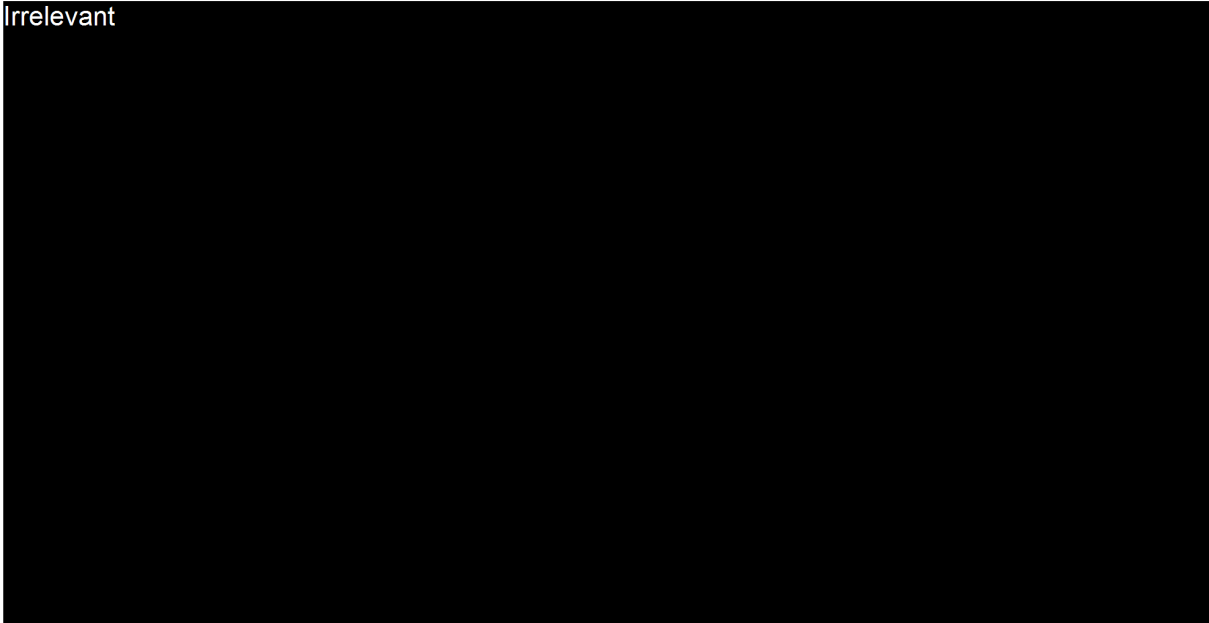

I will keep you informed of developments as they come.
